DESIGN AND BUILD

Loft Conversion & First Floor Reconfiguration

Step into an impressive construction project that reimagines living spaces. This remarkable undertaking seamlessly combines innovation with tradition, featuring a loft conversion and a first-floor reconfiguration.

Within the loft conversion, we commence by demolishing the existing roof to usher in a new level. Our introduction of structural enhancements and the installation of a fresh roof marks the foundation of this transformation. The addition of a well-planned bathroom, along with meticulous interior finishes, paired with modern doors and skirting, brings the project to its completion.

Concurrently, on the first floor, we embark on a journey to dismantle walls, facilitating the creation of a novel layout achieved through the strategic use of smart partitions. The modernisation of infrastructure, the integration of energy-efficient underfloor heating, and the installation of a high-efficiency boiler culminate in a space that guarantees both comfort and efficiency.

This project stands as a testament to our unwavering commitment to enhancing living spaces, skillfully balancing style, structural reliability, and the seamless integration of contemporary amenities. Welcome to a realm of transformation and modern-day living.

Additional Level

Elevate your living space with our loft conversion – a project driven by innovation and our commitment to your satisfaction. We personally transform your loft into a brand-new level, introducing valuable space and enhanced functionality to your home. It's our way of creating a living space that evolves with your needs and enhances your daily life.

Structural Enhancements

In our pursuit of excellence, we've personally integrated vital structural enhancements into our loft conversion. We introduce new beams and a roof ridge, meticulously reinforcing the roof's integrity to create a resilient and secure structure for your expanded living space. It's our assurance of a lasting and worry-free home for you.

Loft Bathroom Addition

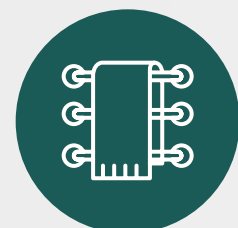

As part of our thoughtful approach to enhancing your home, we've personally introduced a brand-new bathroom. This addition elevates both convenience and comfort, infusing a contemporary touch into your living space. It's our way of making daily life more enjoyable and your home more modern and inviting.

Elegant Tiles

We've taken great care in personally selecting each tile that graces the shower walls and floor, resulting in a visually stunning and harmonious aesthetic. Our choices add a touch of sophistication to the space, ensuring your shower area exudes a sense of refined elegance.

Towel Rails

We've taken special care in positioning towel rails at strategic points in your bathroom, ensuring your towels are always within easy reach. This well-thought-out addition not only adds to the practicality of your space but also enhances the overall organisation, making it effortless to keep your bathroom tidy and your essentials readily available.

Frameless Glass Enclosure

Our frameless glass enclosure has been thoughtfully designed to flood the shower area with abundant natural light, creating an open and inviting atmosphere that enhances the aesthetics of your shower space. This infusion of daylight elevates your daily shower routine, making it a refreshing and invigorating experience.

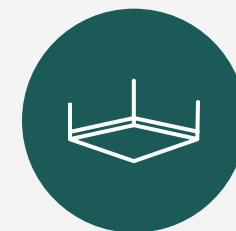

Custom Made Staircase

This project's design with a meticulously crafted custom-made staircase that seamlessly connects multiple levels. This standout addition not only enhances your home's aesthetics but also ensures safety with custom banisters and spindles, making it a stylish and secure centerpiece of your living space.

Internal Finishes

As part of our meticulous attention to detail, we've focused on the internal finishes. This involves the meticulous installation of elegant tiling and the inclusion of stunning wood flooring, exemplified by options like the Painswick Ghoul Oak, which elevates the aesthetic appeal of your living space.

Custom Doors, Wardrobe and Skirting

Our commitment to a cohesive transformation extends to custom new doors, skirting, and even a wardrobe installation. These elements not only add a fresh and unified look to the space but also ensure that every corner of your home reflects modern elegance and functionality.

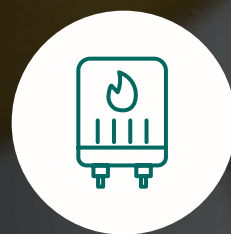

First floor Bathroom

We've thoughtfully designed and installed a new bathroom, adding both convenience and luxury.

Underfloor Heating

The first floor benefits from energy-efficient underfloor heating, featuring innovative Heatmiser technology.

High-Efficient Boiler

To ensure efficient heating and hot water, we've installed a top-tier Vaillant boiler as a special material. Entire plumbing system has been improved to adapt the new boiler and bathrooms.
